DEATH CLAIMS A NUMBER OF PERSONS

THE CALL COMES INSTANTLY TO FOUR MEN IN THIS LIST.

Isaac Sexton. The aged citizen named above, died suddenly Tuesday night at his home in Cherokee.

Mrs. Clavinger. The body of Mrs. Clavinger, who died in Riverview hospital, this city, was taken Sunday evening to her home in Bellflower for burial.

Sam Pinson. The funeral of Sam Pinson, whose death occurred at Ferguson, West Va., was held last Sunday. Paralysis caused his death. He was a brother of Jas. Pinson of this city.

Mrs. Sarah Belcher. Mrs. Sarah Belcher, a good woman aged 84, died at Hubbardsontown, West Va., Tuesday night. She was the widow of Jeff Belcher and is survived by six daughters and one son.

Mrs. John T. Butler. The widow of John T. Butler died at her home at Cherokee Monday and was buried Wednesday. She was a sister of Postmaster Robert Dixon, of Louisa, who attended the funeral. Mrs. Butler was 75 years old. She fell on the ice during the winter and broke her hip, and this, added to feeble health, caused her death. Five sons and one daughter survive. Her husband died eight years ago. She was an excellent woman.

W. A. Chapman. At Patrick last Sunday W. A. Chapman died suddenly while talking to Dr. W. W. Wray, who had been called to see him. He was telling about swooning the day before, and suddenly fell over dead. The body was taken to Galion Tuesday, where the funeral service was held and interment made in a burial ground where his parents lie. Rev. A. Preston preached the funeral.

Mrs. Chapman was 69 years old. The city did not have a better citizen. No word of death could be given. The death of such a man is always a loss to community. A son survives him, but no children. He has one brother, N. B. Chapman of Louisa and one sister, Mrs. Julia Watson.

Sam J. Crum. Sam J. Crum, clerk of Wayne-co., W. Va., died suddenly last Friday afternoon at his farm near Crum. He had been buying cattle and was returning home and his death occurred in a store building. His wife was with him at the time. It is said he had been told by physicians of the condition of his heart and that he could live only a few weeks. Since that time his wife had accompanied him constantly. The burial took place at Crum. Besides his wife he is survived by five children. His wife was Miss Myrtle Vinson, daughter of Dan Vinson of Lawrence county. Mr. Crum had served no Sheriff of Wayne county. His death creates a vacancy in the clerkship and it is thought his brother Lat will be appointed.

AGED CITIZEN DIES. J. K. Chadwick died Monday of heart trouble at his home near Cadmus. He was nearly 74 years old and is survived by his wife, two sons and two daughters, T. H. and Wm. Chadwick of Cadmus. Mrs. J. M. Webb of Overlea and Mrs. M. V. Thompson of Dennis, The funeral services were held Wednesday at his home.

Mr. Chadwick was in as good health as up to the time of his death. He had been out on the farm the same day and retired at the usual hour feeling quite well. About 11 o'clock that night he raised up in bed and told his wife that he had a pain in the region of his heart and immediately fell back and expired.

Mr. Chadwick was a good citizen and a Veteran of the Civil war, having served in the Union army.

Road Meeting at Buchanan

A meeting will be held at Buchanan Wednesday, March 27, to discuss the plan for rebuilding the road from Louisa to the Boyd county line. Meeting will begin upon arrival of the 10:30 a.m. train. Everybody invited. A delegation will go from Louisa.

Much encouragement is being received from citizens in the way of subscriptions and contributed work. The plan is entirely feasible and can be put through if the people will do their bit.

PATRIOTIC MEETING.

At the court house in Louisa on March 29 a patriotic and educational rally will be held, and everybody is urged to attend. It will do you all good to get into the spirit of the present situation and such speakers as will be here are prepared to give you the information and to keep us in position to do the proper things.

At the speakers on this occasion will be Superintendent of Public Instruction V. O. Gilbert and Con-

gressman John W. Langley.

At this big occasion, The

date is Friday, March 29.

BOOKS FOR OUR SOLDIERS AND SAILORS

The American Library Association is conducting a campaign throughout our country to collect books for the soldiers and sailors. The director of the Woman's Committee of the Council of National Defense has asked the Lawrence county council to co-operate in this movement. Hundreds of thousands of them are needed for the War Service Libraries, maintained by the American Library Association at cantonments, training camps, posts, forts, naval vessels and overseas. Our men must have these books they are eager to read. Pass on to the boys in khaki the books you have enjoyed, give them a chance to spend their leisure hours reading interesting books.

You can send novels, tales of adventure, standard fiction, up-to-date books on civil, mechanical and electrical engineering, books of travel, history, biography, poetry and recent books on military subjects and the present war and interesting books in foreign languages.

If you have a book to give, please leave it at the Red Cross room, County Superintendent's office or if by mail direct to me.

MAUDE SMITH, Chairman of Lawrence County Council of National Defense.

FINAL NOTICE TO REPORT FOR PHYSICAL EXAMINATION

Final notice to all registrants in class I, those who for any cause were unable to report for physical examination under last two calls, was sent out Thursday, March 14, by local board for Lawrence county, fixing the time of this final examination on March 23. Those who fail to report at that time whether they receive their notice or not, will be reported to the proper authorities.

It is therefore important that all registrants in class I, and who have not yet been examined, take notice of this date and report to the local board for physical examination March 23, 1918. If it shall happen that any registrant is away from home, his friends should advise him of the date fixed for this final examination.

BAKER IS INSPIRED BY VAST WORK IN FRANCE

"While we are busy at home," said Newton D. Baker, the American Secretary of War, in a talk to officers at the American Staff School in France March 17, "with our industrial preparations and training of troops, our hearts are transplanted to France. My visit has brought me a great uplift in spirit. As a boy takes apart a watch to see how it is made in order to understand the functions of its parts, I have been taking this army apart."

Annual Y. M. C. A. Meeting

The Y. M. C. A. organization in Kentucky held its annual meeting in Louisville last Thursday and Friday and was largely attended. Major General Hale of Camp Zachary Taylor, was one of the chief speakers and his address was very interesting. He told of the great work being done in the camp by the Y. M. C. A., saying it was one of the very greatest forces there, and a great assistance to him in the conduct and uplift of the soldiers.

There were a number of able addresses. An extension of plans was made and the work will expand right along. Many counties were represented than ever before in a State meeting.

Eastern Kentucky had a number of delegates present for the first time. Boyd county was represented by L. F. Zerfoss, Mr. Nicholas George Parks and E. B. Hager. Johnson county by Mr. Thomas, a prominent coal operator. Lawrence by S. J. Plekkenimer and M. F. Cuney. Southeastern Kentucky had some delegates present. A banquet was served on Thursday night at the Seelbach Hotel.

ALIEN ENEMIES FROM WEST VIRGINIA COAL FIELDS

Because they came to Cincinnati without a permit from the Postmaster at Sprig, W. Va., where they registered last month as German alien enemies, Oscar Horning, 41 years old, and August Yenger, 37 years old, were arrested by United States Marshal Michael Devaney yesterday and will be detained pending orders from the department at Washington as to their internment for the period of the war. Horning served in the German navy and Yenger was in the German army, it is said. Chief Deputy United States Marshal Count said both men admitted they left Sprig, W. Va., after the Postmaster there had forbidden them to do so.—Cincinnati Enquirer.

MILL TO BE RE-SOLD.

The Big Sandy Milling company real estate and equipment was offered for sale publicly last Monday and the highest bid was ten thousand dollars.

The bidder failed to give bond, and the next bidder also decline to give bond because of some question about the regularity of the sale. It will be offered again by the Master Commissioner at county court day in April.

M. E. C. S. BAZAAR.

The ladies of the M. E. Church, South, announced that on the Friday and Saturday before Easter they will hold the Easter bazaar in the basement of the new church. Dinner will be served one evening, probably Friday. They have been preparing for some time for the bazaar and will have many pretty and useful articles on display.

RETURN FROM LEXINGTON.

Mrs. Carrie Adams and daughter, Caroline Burns, returned Tuesday evening from Lexington. While there

Caroline was operated on by Dr. W. B. McClure for the removal of her tonsils and adenoids.

Elijah B. Brown of Henrietta was a business visitor in Louisa this week.

TURN UP YOUR TIMEPIECES ONE HOUR

CONGRESS PASSES LAW TO ADVANCE TIME ONE HOUR

MARCH 31.

Washington, D. C., March 20.—The daylight saving bill which goes into effect at 2 a.m., March 31, and sets the clock of the country forward one hour, has been signed by President Wilson, thus becoming a law.

The daylight saving plan will be observed without the slightest disorganization or impairment of existing conditions. Trains will run as usual and every feature of daily life into which the element of time enters, will remain unchanged.

Before retiring on the last Saturday of this month, the American householder will set his clock one hour ahead and then may go to sleep and forget entirely about daylight saving until the last Saturday in October. On that date he will reverse the process, turning back the hands of the clock an hour and the next day the Nation again will run on "sun time."

In the summer the American man actually will rise, transact his business and retire all an hour earlier than has been his custom, but with his clock an hour fast he will not know the difference. An hour of daylight thus will be conserved in the afternoon.

The plan's practicability and efficiency have been effectively demonstrated in twelve European countries.

SMALL SUPPLY OF SEED CORN AVAILABLE

After making a careful survey of the State of Kentucky, Dr. Fred Mutchler, director of extension work of the University of Kentucky, at Lexington, has been able to locate a limited supply of seed corn in the western part of the State. All people who are in need of seed corn can obtain same by communicating with Dr. Mutchler at the University of Kentucky, Lexington, Ky., by telegraph or long distance telephone. The supply is limited and, as we understand the price is very reasonable. It will require quick action to obtain this corn before it is bought by other States in the Union. FRED M. SACKETT, Federal Food Administrator for Kentucky.

NEGRO SOLDIERS TO GO TO CAMP.

Three thousand negroes are expected to report at Camp Zachary Taylor, beginning March 29 and continuing for five days thereafter. They will come from Kentucky, Illinois and Indiana. Six hundred and fifty will be the number from Kentucky. This will raise the population of the camp to more than 30,000 men and officers.

It is planned to place all of the negroes in a separate area, where they will be kept to themselves. They will pass through the same periods of training and examinations as the white soldiers have.

They will be commanded by white officers with the exception of the non-commissioned officers, who in most cases will be negroes.

PAISE FOR WILSON.

London, March 13.—The Manchester Guardian praising President Wilson's message to the all-Russian congress of Soviets today said:

"Once more President Wilson has intervened to correct the diplomatic errors of America's allies, seizing the occasion to send most cordial message to the Russian Soviets. Why, when any new issue arises, should all that is generous and statesmanlike come from the other side of the ocean?"

MARRIAGE LICENSES.

Nolen Scott 21, to Victoria Combs 17.

CHARGED WITH FELONY.

The Huntington Herald Dispatch says:—Charged with hurling a brick through the windshield of an automobile and injuring Mrs. John H. Lallance, Shirley Ruffner, 40, was arrested. He was returned to Wayne county for trial. Ruffner is charged, in a warrant sworn out by Lallance, with attacking his automobile. He claims the brick, alleged to have been thrown by Ruffner, struck Mrs. Lallance and seriously injured her.

The attack is said to have been made on March 16. The warrant charges intent to kill.

W. F. SHIPMAN CRITICALLY ILL.

Ashland Independent of Monday says:—W. F. Shipman, who has been ill for several days suffering with bronchial and stomach trouble, and who re-

admitted this week from the King's hospital much improved, was taken worse last night and for it was feared that he would not survive the night. Four physicians worked with him throughout the night and as a result his condition is improved.

RETURN FROM LEXINGTON.

Mrs. Carrie Adams and daughter, Caroline Burns, returned Tuesday evening from Lexington. While there

Caroline was operated on by Dr. W. B. McClure for the removal of her tonsils and adenoids.

Elijah B. Brown of Henrietta was a business visitor in Louisa this week.

VALUABLE SUGGESTIONS TO ALL THE FARMERS

COMMUNICATION FROM MR. VANCE, THE DISTRICT AGRICULTURAL AGENT.

MARCH 31.

Washington, D. C., March 20.—The daylight saving bill which goes into effect at 2 a.m., March 31, and sets the clock of the country forward one hour, has been signed by President Wilson, thus becoming a law.

The daylight saving plan will be observed without the slightest disorganization or impairment of existing conditions. Trains will run as usual and every feature of daily life into which the element of time enters, will remain unchanged.

Washington, D. C., March 20, 1918. To the farmers of Lawrence county:

I hope you will not consider me impertinent when I offer the following suggestions for your benefit during the present crop year. Labor on any large scale is out of the question. We could not pay the price if we could get it and live, so we must make the best out of the situation.

1. Strive to produce a great crop of such food plants as take as little work as possible—potatoes, beans, etc.

2. Land owners who have tenants should encourage them to grow large quantities of all kinds of vegetables and to care for it when it is produced by putting up for winter.

3. Every family should keep enough hogs to make meat for the year. Begin in time to purchase pigs for this purpose if you do not have them.

4. Grow a heavy crop of sorghum to take the place of sugar.

5. Each housewife should run her poultry business as heavy as possible, including chickens, turkeys, ducks and geese.

6. Let each boy grow a pig extra for the money it will bring him as well as for the patriotic service it will render the country. Let the little girls grow poultry for the same reasons.

7. Each school district ought to have a meeting and see what arrangements can be made about exchanging labor on the order of John help Bill, and Bill help John. By watching out for this much good could be done. Exchange labor so as to keep all teams busy will also do much good. Men who refuse to keep busy should receive public contempt.

8. Meetings should be held as above at least once a month, and oftener if need be. The local trustees could act as leaders as could the teacher. The county agent will attend as many of these meetings as possible and render any assistance he can.

9. Ministers of the gospel can render valuable service by insisting on his congregation practicing co-operation among themselves. It is religious as well as humanitarian.

10. Lodges can also do something along this line if there are any in the county and this will prove their claim to what they preach of brotherhood and fraternity. All can help and friend ship, love and truth are the very things for which the Kaiser does not stand.

K. L. VARNEY, District Agent.

TO FARMERS HAVING WHEAT.

The following telegram was received to-day from Mr. Hoover:

"In order that we may comply with the urgent demands of the Allies for wheat and at the same time, take care of our own domestic supplies, we must need this year an earlier and more complete marketing of the wheat in farmers' hands than usual. The Allies are taking from us fifty per cent of other cereals than wheat to mix in their bread. In allied countries, and the soldiers, must be fed with bread baked in bakeries, it is impossible for them to prepare bread made wholly out of other cereals and we must furnish them with sufficient wheat to maintain their bakery loaf. I, therefore, appeal to all of the farmers in the State of Kentucky that they shall bring all of their wheat, except their necessary reserves for seed to market before May 1. This is a service we can call and a service for Uncle Sam who is fighting for his life. If your local miller is unable to buy all the wheat that is offered, market it in the other customary trade channels through which it will reach the odd Administration Grain Corporation."

FRED M. SACKETT.

Swift & Company Publicity

At a recent hearing of the Federal Trade Commission there was introduced correspondence taken from the private files of Swift & Company, which showed that the Company had been considering for some time an educational advertising campaign.

The need for this publicity has been apparent to us for several years. The gross misrepresentation to which we have recently been subjected has convinced us that we should no longer delay in putting before the public the basic facts of our business, relying on the fair-mindedness of the American people.

The feeling against the American packer is based largely on the belief that the income and well-being of the producer and consumer are adversely affected by the packers' operations, resulting in unreasonably large profits.

Swift & Company's net profit is reasonable, and represents an insignificant factor in the cost of living.

For the fiscal year 1917 the total sales and net profit of Swift & Company were as follows:

Sales
\$875,000,000.
Profits
\$34,650,000. ■

This is equivalent to a \$3,465. profit on a business of \$87,500.

If Swift & Company had made no profit at all, the cattle raiser would have received only one-eighth of a cent per pound more for his cattle, or the consumer would have saved only one-quarter of a cent per pound on dressed beef.

"CASCARETS" FOR A COLD, BAD BREATH OR SICK HEADACHE

BEST FOR LIVER AND BOWELS,
FOR BILIOUSNESS, SOUR
STOMACH AND CON-
STIPATION.

Get a 10-cent box now.
Furred Tongue, Bad Colds, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little bodies need a good, gentle cleansing, too.

FEDERAL INCOME TAX IN BRIEF

The Requirements Boiled Down for Busy Folks.

Returns must be filed on or before April 1, 1918.

Tax due may be paid now or on or before June 15, 1918.

If you are single and your net income for 1917 was \$1,000 or more you must file a return.

If you were married and living with wife (or husband) and had a net income of \$2,000 or more for 1917 you must file a return.

Husband's and wife's income must be considered jointly, plus income of minor children.

Income of a minor or incompetent, derived from a separate estate, must be reported by his legal representative.

Severe penalties are provided for those who neglect or evade the law.

For false or fraudulent return there is a penalty not exceeding \$2,000 fine or year's imprisonment, or both, plus 100 per cent. of tax.

For failure to make return on or before April 1, 1918, fine is from \$20 to \$1,000, plus 50 per cent. of tax due.

Returns must be filed with the Collector of Internal Revenue of district in which you live.

An agent may file return for a person who is ill, absent from the country or otherwise incapacitated.

Each return must be signed and sworn or affixed by person executing it.

Single persons are allowed \$1,000 exemption in computing normal tax.

A married person living with wife (or husband) is allowed \$2,000 exemption, plus \$200 for each dependent child under 18.

A head of family, though single, is allowed \$2,000 exemption if actually supporting one or more relatives.

Returns must show the entire amount of earnings, gains and profits received during the year.

Officials and employees are not taxable on the salaries or wages received from a state, county, city or town in the United States.

Interest on state and municipal bonds issued within the U. S. is exempt from federal income tax and should be omitted.

Interest on United States government bonds is also exempt, except on individual holdings of Liberty Bonds in excess of \$5,000 per value.

Dividends are not subject to normal tax, but must be reported and included in net income.

Gifts and legacies are not income and should not be included on the return of the beneficiary.

Life insurance received as a beneficiary or as premiums paid back at maturity or surrender of policy is not income.

Payments received for real or personal property sold is not income, but the profit realized thereon is income for the year of sale.

Amounts received in payment of notes or mortgages is not income, but the interest on such notes or mortgages is taxable income.

From the entire gross income certain allowances are made in arriving at the net income.

Necessary expenses actually paid in the conduct of business, trade or profession may be claimed.

A former can claim payments for labor, seed, fertilizer, stock feed, repairs on buildings, except his dwelling; repairs of fences and farm machinery, materials and small tools for immediate use.

The amount of rent paid for a farm may also be claimed as a tenant farmer's expense.

Payments for live stock are allowable if bought for resale. But if bought for breeding purposes cattle are an investment, not an expense, and cannot be allowed.

A storekeeper can claim amounts paid for advertising, clerk hire, telephone, water, light and fuel, also drainage and freight bills and cost of operating and repairing wagons and trucks.

A physician can claim cost of his professional supplies, rent, office help, telephone, expense of team or automobile used in making professional calls and expenses attending medical conventions.

A dentist can claim similar items, except team or auto expense, which are not necessary in his profession.

Expenses that are personal or connected in any way with the support or well being of a person or family are not allowable.

The costs of machines, instruments, vehicles or implements that are more or less permanent in character are not allowable as an expense. They are investments.

Interest paid on a mortgage or other personal indebtedness is allowable on a personal return.

All taxes paid within the year can be taken out on a federal return, except federal income taxes, inheritance taxes and assessments for local improvements.

Losses sustained in business or through fire, storm or shipwreck or by theft, except when compensated by insurance or otherwise.

Wear and tear of rented buildings or machinery used in business may be claimed.

You can also claim the amount paid to the Red Cross and to other charitable, religious or educational organization to the extent of 15 per cent. of your net income.

HOME CIRCLE COLUMN

Our Boys.

Boys will be boys, and why not? not a boy should go but there is no particular care in that, for fun he wants and will have. Your boy should not be nice and clean; it makes him dull, but even that does not satisfy his frisky nature. A boy should go swimming once or twice during the week, but, good as he is, he will crave pleasure. We love a boy with a merry twinkle in his eye; he looks so cunning; and, besides, he will need the spirit of young colt before he goes through the world. If properly trained it will be to him what steam is to a engine. Did it ever occur to you to turn boy yourself and try your dignified airs? Try it. Play with them; sing with them; nod, when night comes you can pray with them with a result you little dreamed of. If they can always have more pleasure with you than anybody else you will always know where they are. Did you ever notice how the older animals play with their young? It looks funny you will admit. We have often laughed at an old stiff-legged horse playing with a colt and what a queer game of "tag" it was; the baby horse beat every time, but the little one always kept close to its mother, and was never heard to neigh. Parents, take a lesson and it will be possible to know where the "wandering boys are tonight."

The Boy's Shadow.

Recently the mother of a boy who is about twelve years of age made complaint before the judge that her son was unruly and she feared he was associating with company that in the end would bring disgrace to him and her. The judge told the son to step near him, and in a pleasant tone of voice said, pointing to the parent: "Boy, there is the only true friend you have; obey her. Let me impress this on your mind; think of it; remember it! Whatever shadow you cast in life will follow you as long as you live and always keep up to you. That is your reputation. It is always in sight and just your size exactly, and how proud and happy it will make your fond mother if you will stop going with bad youths and stand in such a position in the sunlight of heaven that your shadow will always be on the one side of honesty and respectability. Go home this time with your mother, turn over a new leaf and prevent the law from sending you to the reform school." Golden words. No more pertinent truth was ever more aptly spoken; no wiser council ever proffered by mortal lips. Your reputation in your community is your shadow. It is exactly your size, and you can never get away from it; though you may flee a thousand miles of a cloudy day, the moment you show yourself in public your shadow is at your side. Your habits and modes of thought have left their imprint upon your features, unconsciously controlling your speech and action, and discernible as much as you may, are constantly signalling from behind the mask that you are not what you pretend to be.

If you want to keep your children away from sin you can only do so by making them home attractive. You can preach sermons, advocate reforms and denounce wickedness and yet your children will be captivated by the glittering saloons of sin, unless you make your home brighter than any other place on earth to them. Gather all the charms you possibly can into your house. If you can afford it, bring books and pictures and cheerful entertainments to the household. But above all, teach those children not by half an hour, twice a year on the Sabbath day, but day after day teach them that religion is a great gladness, that it throws chains of gold about the neck, that it takes no spring from the foot, no bitterness from the heart, no sparkle from the eye, no ring from the laughter, but that "her ways are ways of pleasantness and all her paths are peace."

THE HEN THAT LAYS

Is this hen that lays. If she does not lay, kill her, but before you kill her give her B. A. Thimman's Poultry Remedy twice a day for a week, and then you will not kill her for she will be paying you a profit. It not only makes hens lay but it is a remedy for Cholera, Roup, and Gapes. We guarantee it to cure or we refund your money. "For Sale by All Good Dealers" 1-1-3mo.

Try Tecco pancake flour at A. L. Burkin's. Fine for wheatless days, as it is a combination of various flours. Nothing but cold water to be added to make the finest brown cakes you ever ate.

GIRLS! DRAW A HOIST CLOTH THROUGH HAIR, DOUBLE ITS BEAUTY

TRY THIS! HAIR GETS THICK, GLOSSY, WAVY AND BEAUTIFUL AT ONCE.

Immediate? Yes! Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is sere, frayed, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a small bottle of Knolton's Danderine from any drug store or toilet counter for a few cents.

TUSCOLA.

Some of our farmers are planting gardens while others are clearing land and plowing. All are very busy.

Members H. A. Jordan and Bill Daniel were on the Cooksey fork a few days ago transacting business.

River improvement is again a live subject and should be vigorously pushed. The railroads are unable to handle anything near the traffic needed in the valley or along the Ohio or Mississippi.

The third liberty loan is coming right away. April 6 will be the starting date. It will require sacrifices on the part of the people to make this large loan, but it is our duty and we believe the demand will be met.

A legislative redistricting bill has been passed by the Kentucky Legislature, giving the Republicans more districts. Lawrence and Elliott are put together in a legislative district. Lawrence goes in with Boyd Johnson and Martin in Senatorial district. Our representative, B. H. Harris, contend that Lawrence should have a representative by itself.

What "Comrade" Means in War.
A writer in the April American Magazine says:

"I saw one man coming whose trousers had been torn clean away. He was so caked with mud and blood that his features were almost unrecognizable. He did not walk. He staggered from side to side. Sometimes he almost fell. But on his back he carried his comrade, his pal, who couldn't walk himself.

"I looked at them, and the tears came to my eyes—as they would come to the eyes of any man if he could watch these walking wounded. But those two? No tears from them! They looked at me—and smiled.

"It isn't only for their comrades that they are willing to suffer. Over and over again I have seen an English Tommy, badly wounded himself, take the cup of hot soup, or coffee, or the tobacco our Y. M. C. A. men were handing out, and give it to a wounded German."

A warning has been sounded that Germany is continuing her insidious diplomatic offensive in an effort to bring an inconclusive peace. It was made by Romo Gallenga-Stuart, a member of the Italian Chamber of Deputies, at the American Luncheon Club in London Sunday. He urged that the only way to peace was through a military victory. He hailed the entry of the United States into the war as far out-weighting the colossus of Russia.

WOMEN TORTURED

Suffer terribly with corns because of high heels, but why care now.

Women wear high heels which buckle up their toes and they suffer terribly from corns. Women then proceed to trim these pests, seeking relief, but they hardly realize the terrible danger from infection, says a Cincinnati authority.

Corns can easily be lifted out with the fingers if you will get from any drug store a quarter of an ounce of a drug called freeson. This is sufficient to remove every hard or soft corn or callous from one's feet. You simply apply a few drops directly upon the tender, aching corn or callous. The soreness is relieved at once and soon the entire corn or callous, root and all lifts out without one particle of pain.

This freeson is a sticky substance which dries in a moment. It just shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Tell your wife about this.

HEWLETT, W. VA.

"Over the Top With the Best of Luck and Give Them Hell!"

OVER THE TOP

BY Serg't Arthur Guy Empey

Serg't Empey's vivid and gripping story of the great war will be printed in installments in this paper.

Twenty-seven chapters of exciting adventures and heart-stirring action; events that befell this one man from the time he passed from civilian life to take his place in the human wall that stands between civilization and frightfulness.

Serg't Empey is an American who enlisted in the British Army on hearing of the sinking of the "Lusitania." He writes in a straightforward way of his own experiences "over there," of the life in which our own American boys are entering.

DOING REAL FARM WORK DEFERS THE CALL

DRAFTED MEN WORKING STEADILY AND EARNESTLY ON FARMS GET DELAY.

The following instructions have come from headquarters to the Local Board of Lawrence county and will be of interest to many people. It answers questions being asked every day:

The situation arising from the scarcity of farm labor demands that the call to the colors of men actively, completely, and assiduously engaged in the planting and cultivation of a crop and who are in class one should be deferred until the end of the new quota.

The President therefore directs that in filling any emergency call you shall pass the order number of such men and defer their call for the present.

It must be borne in mind that this step is taken solely in the need of the nation and not for the benefit of any individual. Therefore, while boards should consider it a grave duty to ex-

pose this power to conserve and augment the agricultural production, they should observe closely the conduct of those deferred and immediately upon becoming convinced that any person so deferred is not giving his entire time and earnest attention to agricultural duties, or that he is trifling with the deferment thus granted him, the board should forthwith call him to the colors.

All citizens should assist in making this effective and in bringing to the attention of the boards cases meriting deferment, as well as cases in which deferment is being abused.

DAILY WAR REVIEW

WAR NEWS

It is representative Fields of Kentucky member of the House Military Committee, introduced a bill to put an end to deception and fraud which he said are being practiced on the beneficiaries of American soldiers killed in the war through claim agencies which are springing up over the country.

"Push the U-boat warfare" is the latest utterance of Admiral von Tirpitz. "In this way," he declares, "Germany can secure a base on the English coast for all time." Hindenburg's "bluff" his warning to the Allies, now is believed to have been made for the purpose of bolstering up public opinion in Germany.

Senator Gore's bill to raise the price of wheat to \$2.50 a bushel for the 1918 crop to boost production was under discussion in the Senate while the Food Administration was making plans to meet the critical wheat shortage by a further reduction in consumption. The Food Administration frankly admits that existing flour stocks are only 30 per cent of the normal quantity needed until July 1, before which date we are pledged to ship to the Allies 90,000,000 bushels.

American built battle planes will be in France in sufficient numbers to protect American forces by July. This announcement was given out on highest authority. The air programme is now sixty days behind schedule, but it is hoped to rush the work so as to make up for lost time. Representative Kahn, ranking Republican member on the House Military Committee, declared that the plan of taking Congress into the confidence of the War Department would make for team work.

The Russian Congress has agreed to the German peace terms, which include of taking over a large amount of territory and whatever else Germany wants.

Fighting continues at various points along the eastern front in spite of the treaty of peace signed by Germany and the Bolshevik Government in Russia, the fact that Germany considers the convention Lenin and Trotsky were forced to sign as a "scrap of paper" being further evidenced by the announcement that the Huns have reached Jamburg, sixty-eight miles from Petrograd. One clause of the Rumanian treaty bound that country to assist in the transport of German troops on their way to Odessa, indicating that the Central Powers will not forego any conquests they may make in Russia. Turkish troops also are operating on the southern shore of the Black Sea. Announcement was made in Berlin of the signing of a peace treaty between Germany and Finland. Finland agrees to cede no territory nor grant territorial rights to any foreign Power with the previous consent of Germany. Each party renounces compensation for war costs or damages. Negotiations will start forthwith for a trade and shipping treaty. The fortifications of the Aland Island will be removed as speedily as possible and regulations will be adopted for the permanent non- fortification of the islands.

FOR SALE.

80 a. on fine brick road, fine stock or farm land. Also 160 a. adjoining same. You don't have to feed stock here and you can raise two and three crops a year. Lots of fine timber. Churches and schools handy. Large tracts for sale. Will make special prices on one or more sections. Now is the time to buy. Northern and western men are coming in every day and buying this land. There is no better place for a man to make money and live easy, with everything that heart can wish. I have lots of groves for sale, some will half pay for the land in one year. I have one tract 110 acres, 3 a. bearing grove, pay from seven to eight hundred per year. Price for quick sale, \$1500. This place has a fine lake front with small house and fine land. Other bargains. Come and see me before you buy. I am 5 miles west of the city on the brick road at the Patrick place. You can't miss it. Fine timber tracts for sale. Write for prices. FRED B. LYNCH, Box 924, Orlando, Fla.

IN THE SPRING

will be the great test of a life and death struggle on the Western front. In the everyday walks of life, it is the spring time that brings ill health. One of the chief reasons why the run-down man finds himself in a bad state of health in March or April, is because he has spent nearly all his hours for the past four or five months pent up within the walls of house, factory or office—that is the reason of diminished resistance—that is, lack of out-door life, coupled with perhaps over-eating, lack of good exercise, insufficient sleep, and constipation. In other words, we keep feeding the furnace with food but do not take out the "cinders," and our fire does not burn brightly. Always keep the liver active.

There is nothing better for health than taking an occasional mild laxative, perhaps once a week; such a one as you can get at any drug store, made up of May-apple, jalap, aloes, (sugar-coated, easily taken), which has stood the test of fifty years of approval—namely, Dr. Pierce's Pleasant Pellets. But to whom "Spring Fever," the general run-down condition, the general ambition—the "blues," one should take a course of treatment every spring; such a standard tonic as Dr. Pierce's Golden Medical Discovery, now to be had in tablet form in sixty-cent vials. Watch the people going plodding along the street. There's no spring vitality. A vitalizing tonic such as this vegetable extract of Dr. Pierce's gives you the power to force yourself into action. The brain responds to the life in circulation, and thus you're ready to make a fight against stage. You which holds you in bondage. Try it now! Don't wait. To-day is the day to begin. Give a little "pep," and you'll live. Vin and vitality are the out-pouring of a healthy body, not springing up in a night. Try it now, and you gain the courage with health.

GLAD TO TESTIFY

Says Watoga Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Waloga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly . . . Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then . . . it would last two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three . . . I gained, and was well strong, and I owe it all to Cardui. I am married now and have 3 children . . . Have never had to have a doctor for any trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ills so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years.

Begin taking Cardui today. It may be the very medicine you need.

W. T. HEADLEY BURSTS INTO POETRY AND SONG

The older residents of Louisa, who know Gen. Tom Headley of Philadelphia, will enjoy the following lines, forced from him by the Muse in celebration of a great event—the arrival of his first grandchild. He sent the verses to Dr. G. W. Wroten, his brother-in-law, and no one will be more surprised than Mr. Headley to see them in print.

Spacial Attention.
Look here, Doc Wroten,
That's some Latin you're quotin'
But when writing to me
You should finish with
Ipsi dix ee.

At this auspicious time
It is very hard for me to rhyme,
Grand Dad's head is in a whirl
Caused by the coming of a little girl.
Tom woke us in haste yesterday
To say that to them a daughter had
been born.
The time was Wednesday before
daylight

And we were pleased to learn that
all was right.

The hour to be exact was two a. m.
And Grandmother wanted to rush to
them

But I said to her, you crazy goose
The show's all over, so what's the
use.

She finally concluded my advice to
be wise

But no more that night did sleep
close her eyes.

At breakfast she could hardly use
her fork

In her haste to see what had been
brought by the stork.

The name I believe is to be Katherine

Ann

Fifty-fifty for us and Gretta's clan.
It looks like all others that have just
been born.

Mighty sleepy and tired and all
forlorn.

But I suppose when she's been fed
on milk and cream

We will all say "how cute," and
"isn't she a dream."

The weather is cold, fuel and fodder
are high,

Granddaddy must work so that the
family can buy.

My love I send Mollie.

And best wishes to you

And trust that this jingle
Will not make you blue.

Outside of this everything moves in
the same old comfortable.

AUGUSTUS SNYDER

The Nation's Needs Come First

Any patriotic American would gladly stand aside and give his place—anywhere—to an officer on government duty.

The placing of the Bell telephone system at the disposal of the government, as was done when war broke out, involved the same patriotic obligation.

During the months of military preparedness, the War and Navy Departments had the service of the most comprehensive and efficient telephone system in the world. And it must be kept so. In the face of the unprecedented demand from private sources, every government need must and will be met.

The government comes first, but we are doing everything that science can suggest and that money can accomplish to maintain our general service, at the usual standard of efficiency. A loyal organization is working continuously to meet the increased demands and your patient co-operation will prove helpful and inspiring.

Telephone users can help by avoiding useless conversation and by encouraging their employees and associates to use the telephone only when necessary during the busy hours of the day, and to make their conversations brief.

With this patriotic attitude of the public toward us we can serve the government first and render a service that will meet the requirements of the commercial and social world.

Step Lively! Corns Quit with "Gets-It"

The Great Corn-Loosener of the Age. Never Fails. Painless.

Watch my step? What's the use? I go along "right side up" without care, even with corns, because I use "Gets-It" the painless, off-like-a-banana-peel corn remover. I tried other ways before, until I was blue

in the face and red in the toes. No more for me. Use "Gets-It". It never fails. Touch any corn or callus and it drops off. "Gets-It" and "Gets-It" does the rest. It's a relief to be able to stop cutting corns, making them bleed, wrapping them up like packages and using sticky tape and salves. It removes any corn clean and neatly, leaving the toe skin smooth and your pain. You can wear those new shoes without pain, dance and be frisky on your feet. It's great in use "Gets-It".

"Gets-It" is sold at all druggists (you need pay no more than 25 cents a bottle), or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Corns Simply Can't Stop Us. We use "Gets-It".

in the face and red in the toes. No more for me. Use "Gets-It". It never fails. Touch any corn or callus and it drops off. "Gets-It" and "Gets-It" does the rest. It's a relief to be able to stop cutting corns, making them bleed, wrapping them up like packages and using sticky tape and salves. It removes any corn clean and neatly, leaving the toe skin smooth and your pain.

You can wear those new shoes without pain, dance and be frisky on your feet. It's great in use "Gets-It".

"Gets-It" is sold at all druggists (you need pay no more than 25 cents a bottle), or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Always Have PERUNA

Mrs. L. A. Patterson, 1399 Kentucky
St., Memphis, Tennessee, writes:

"I have been a friend of Peruna for many years. I have used it often and on for catarrhal complaints and found it a very excellent remedy. I have a small family of children. Times are hard with us, but I can scarcely afford to do without Peruna, especially during the season of the year when coughs and colds are prevalent. We always recommend Peruna to our neighbors, for the benefit it has been to us."

For
Coughs
and Colds

F. H. Yates.

F. H. Yates, the well known oil man of Louis, has just returned from Easton, where he has been in the interest of a company which was organized at Huntington, W. Va., by Ralph Stafford and his associates. Mr. Yates is field manager for this company, and expects to soon bring in a well in Easton.

Shooting At Salyersville.

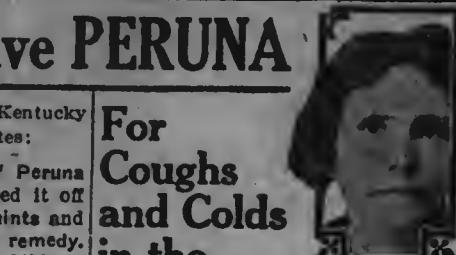

Another shooting affray took place at Salyersville Monday, in which two persons were shot and one seriously hurt. The trouble grew out of a land suit between Sam Arnett, etc., and Cap Arnett, etc. The parties were taking depositions in the case in the law office of Walter Prater when the trouble started. We are informed that Cap Arnett cut Sam Arnett six times with a knife. During the cutting Sam Arnett shot Cap Arnett one time, the shot taking effect in the body also, one of Sam's brothers joined in the shooting and fired one shot into the body of Cap Arnett. Both of the injured men are reported to be in a serious condition.
